Sebago Technics has produced a report that provides an assessment of the needs of the PACTS RTMS, which was sent to members on June 5, 2022. This report describes the four-phase approach to connecting all traffic signals from the RTMS communities to an updated regional server.

This report was also provided with the PACTS RTMS Subcommittee [June 14, 2022 meeting agenda](#). At the June 14th meeting, the PACTS RTMS Subcommittee voted to support Phase 2 of the PACTS RMTS Central Management Master Plan.

Recommended action: Discuss and vote to support Phases 3 and 4 of the draft PACTS RTMS Central Management Master Plan

Members of the public are welcome to provide up to three minutes of public comment on this item. Opportunity for comment will be provided after staff's report, prior to the panel's discussion.
